U. S. WARSHIPS ORDERED TO THE BALTIC SEA FRANCE AND BRITAIN DISAGREE ON POLICY TOWARD WRANGEL

WASHINGTON, D. C., August 16.—The armored cruiser Pittsburgh, and a destroyer, have been ordered to the Baltic sea to protect American interests there.

The vessels are now at Cherbourg, France. It was announced today at the navy department that they would proceed immediately for Russian waters.

The vessels are under orders to proceed to Danzig, the free city on the Baltic. The threatening situation in Poland has jeopardized the lives and interests of a large number of Americans who are scattered in various parts of Poland.

Many of these Americans have already made their way to Danzig and others are endeavoring to reach that port. It is primarily for their protection that the warships were ordered to the Baltic.

2,300 STEEL VESSELS TO BE SOLD BY UNCLE SAM

WASHINGTON, D. C., August 16.—Terms on which the shipping board fleet of more than 2,300 steel vessels approximating 5,000,000 deadweight tons is to be sold to private interests under the new merchant marine act were announced today by Chairman Benson.

Bids for the vessels will be entertained as they stand, the chairman said, at minimum prices of \$160 a deadweight ton for coal burners and \$175 a dead weight ton for oil burners built on the Great Lakes, to \$175 for coal burners and \$185 for oil burners vessels of over 10,000 dead weight tons.

Terms of sale call for ten percent of the purchase price in cash upon delivery, installments of five percent in six, twelve, eighteen and twenty-four months thereafter and the remaining 70 percent in equal semi-annual installments over a period of ten years.

Deferred payments are to carry five percent interest. Deduction for depreciation is allowed at the rate of six percent for the second year of the vessel's age and five percent for each succeeding year up to the date of purchase. The purchaser of ships will be (Continued on Page Six)

Ponzi On His Way To Jail

Charles Ponzi (man with cane) in custody of officer, Aug. 16 at right.

"Get Rich Quick" Ponzi, of Boston, is in jail at East Cambridge, Mass., whither he was taken when he could no longer find any one willing to furnish bonds. Ponzi is perhaps glad to be under the protection of the authorities, as some of the investors in his fake scheme have threatened to do him violence if they find him at large.

STREETS ARE FLOATED AWAY IN TOLEDO

TOLEDO, O., August 16.—Damage estimated at \$1,000,000, was done here early today by a severe rain and electrical storm, which flooded away great stretches of city paving, flooded cellars and paralyzed traffic. It was one of the most severe storms that ever struck the city and district, rain sweeping in sheets through the streets during the hours when crowds were trying to make their way to work. Automobiles parked at curbs, either were floated away or stood with their floors flooded.

Reports of storm damage from neighboring points have not been received, as telephone service was temporarily handicapped and interurban cars ran with difficulty.

City authorities estimated that damage to wrecked pavements would run close to \$200,000. A number of streets are absolutely out of commission, the block surfacing on one stretch floating into the lobby of an office building.

Damage was heavy to buildings, one collapsing.

The greater part of the damage was done by flooded basements. One concern reports that a \$7,000 stock stored in a basement, is a total loss.

Food stores suffered particularly heavy damage.

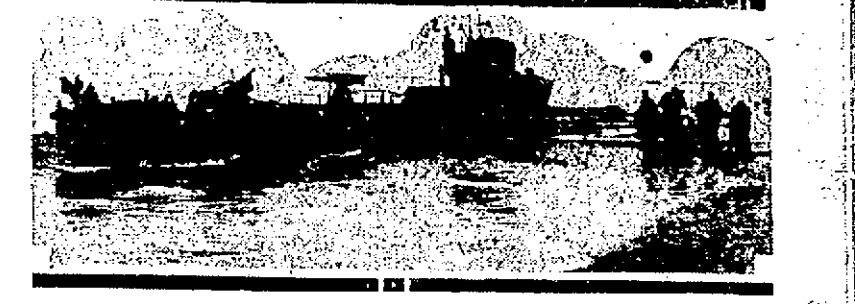

From all parts of the city distress calls are being received.

Damage to streets has greatly handicapped street railway service and telephone and telegraph wires are ripped.

It was estimated that the preliminary damage estimate of \$5,000,000 would not prove too high after there is opportunity for careful checking of losses.

Several persons were in danger of drowning when they fell into water above their thighs when attempting to cross streets, but no casualties are reported.

U-Boat That Sunk Lusitania Is Wreck

The German U-boat No. 20 as it looks today.

In a lonely and wild stretch of beach on the Danish coast, huge waves are rapidly pounding down into the sand the iron hull of the German U-boat No. 20, which sank the Lusitania. This weapon of German frightfulness was washed ashore there during a storm.

LONDON, August 16.—Premier Lloyd George stated in the house of commons today that the government had made it clear to General Wrangel, anti-Bolshevik leader in South Russia that if he further aided the Soviet forces he must do so on his own responsibility.

DEMOCRATIC CONVENTION CONVENES TOMORROW

LONDON, August 16.—Premier Lloyd George, replying to a question in the house of commons today concerning Labor's ultimatum against war on Russia, declared that any attempt to dictate the policy of the government or parliament by industrial action struck at the root of the democratic constitution of the country and would be resisted by all the forces at the government's disposal.

WASHINGTON, August 16.—The Democratic leaders began gathering here today for the opening tomorrow of the state convention of their party and incidentally the opening of the party's national and state campaign in the state.

Governor Cox will formally launch his presidential campaign in the state in a speech which he will deliver at the convention. The keynote speech will be delivered by M. A. Daugherty, of Lancaster, who nominated Governor Harrison for the presidency at the national convention eight years ago.

The primary business of the convention, that of adopting a state platform and selecting four presidential electors, promises to be of secondary importance to the campaign utterances by Governor Cox and the various speakers. In addition to the governor and the keynote speaker, Secretary of War Newton D. Baker, also will speak and probably a number of the candidates also. A. V. Donahy, the (Continued on Page Six)

Republican Strategy Is To Have Harding Sit Tight And Draw All Of Cox's Fire

BY DAVID LAWRENCE
(Copyright by Times Publishing Co.)

WARREN Harding, preached a sermon about tactics to the Republican editorial association of Ohio and called for an era in honesty in everything, in business, in labor, in professions, in politics. In editorial, in business and in politics. Then the Republican candidate went on to say honesty was needed in politics, in government, in our daily lives.

Fallouts Were Disappointed

Believing that honesty begins at home this writer cannot fail to point out that the paragraph which Mr. Harding interjected in his rather brief and vague speech of fifteen minutes was the nearest approach to a concrete reference to the presidential campaign which the candidate has made. Any of the one hundred and fifty editors who made the pilgrimage to Marion expecting that on this the first important occasion since the first speech of acceptance, something vital on the issues of the present campaign would be forthcoming was disappointed. At least he was disappointed if he honestly told his innermost thoughts.

Keep Harding In Background

But anyone who is familiar with the strategy of the Harding campaign was neither disappointed nor surprised at the fact that the Senator read a carefully prepared manuscript in which not a sentence could have been suspected of indecision or indecision. For it is the plan of the Republican managers to have Senator Harding keep in the background so far as possible until October 1st.

To Draw Cox Fire

The game seems to be to let Governor Cox wear himself out in the next six weeks and to draw all his fire and then make a drive during the month of October just as a runner makes a sprint in the last lap of a long distance race. Harding gives the impression of conserving his energy for the final moments of the campaign when the undecided and publicity campaigns will be going at full blast.

Anybody who knows Harding would admit that the Senator could have cast his manuscript and made a better impromptu speech which would (Continued on Page Six)

McGraw To Be Questioned On Buying Liquor

NEW YORK, August 16.—Federal prohibition enforcement agents were ordered today to bring John J. McGraw, manager of the New York Glens to the United States district attorney's office to be questioned concerning a report credited to him during the Slavin investigation that he had purchased liquor at the Lapham Club.

NEW YORK.—Knights of Columbus sent resolutions urging recognition of Irish republic to secretary of state, president of senate and speaker of house of representatives.

OPERATORS REJECT MINERS' DEMAND; SUBMIT COUNTER PROPOSITION; MINERS ALSO TURN IT DOWN

CLEVELAND, O., August 16.—The bituminous coal operators of the central competitive field in refusing the miners' demands for a \$2 a day increase for day and monthly men and ten cents a ton for pick and machine mining this morning offered the miners a proposition agreeing to correct the seeming inequality of the present contract by advancing the wage of the day and monthly men (the equivalent of the coal commissions) to the pick miners, giving the day and monthly men an increase estimated at from 35 to 72 cents a day.

The operators will consider no other demands made by the miners, including the ten cents per ton asked for pick and machine mining.

The miners received the operators' reply in a joint conference of the scale committee and unanimously rejected the proposition.

Watch For Elihu Root's Return From Europe In The Middle Of The Campaign

BY DAVID LAWRENCE
(Copyright by Times Publishing Co.)

ARION, O., Aug. 16.—World politics, the disturbing situation in Poland and the menace of Bolshevism, the American government's note, refusing to recognize the Bolshevik regime and expressing friendship for the Russian people, have failed to draw any comment from Senator Harding, the Republican candidate for the presidency.

Beyond the general statement made in his speech at Columbus, the Senator declined to say a word on what he considered pending matters of state. When he said "there is just as much menace in the world today as there was in the turbulence of war, civilization has not settled down," his hearers interpreted that utterance as having been inspired by a reading of the distressing reports from Poland.

Take Use of Force

The Senator confined himself to the hope that America would "stand as a barrier to revolution and disorder throughout the world" but did not go into detail as to how the United States might use her influence in that direction most effectively. The mention of (Continued on Page Six)

Woman Restored To Her Sight Through Faith

MARION, O., August 16.—More than fifteen thousand people are estimated to have attended the closing services yesterday of the pilgrimage to the shrine of the church of Our Lady of Consolation at Carey, thirty miles north of here. More than two hundred attended from this city. They report that Mary Warner, of Cleveland, was restored to her sight through faith.

The pilgrimage was closed by a solemn benediction which, on account of the dense crowd, was held in the open, an improvised altar being erected on the steps of the new church in course of construction.

Yesterday's crowd is said to have been the largest ever attending the service.

FINLAND WINS THE PENTATHLON; U. S. SECOND

ANTWERP, Aug. 16.—Lehtonen of Finland won the ancient Pentathlon of the Olympic games, contested in the stadium here today, scoring 11 points. Everett J. Bradley, University of Kansas, was second with 23 points. (The least number of points determined the winner.)

ANTWERP, Aug. 16.—(BY THE ASSOCIATED PRESS)—American hurdlers, finishing first, second, third and sixth in a field of six in the final of the 400 metre hurdles in the Olympic games here today scored 17 points for the United States.

Frank Lamoni, of the Chicago A. C., the winner of the event, established a new world's record of 51 seconds flat for the distance, beating the old record by two seconds. Had he continued less than two yards farther he would have broken the world's record for the 340 yard hurdles.

Lamoni led safely all the way and won by three yards from J. K. Norton, of the Olympic Club, San Francisco, the second man. A. G. Deest, of Notre Dame University, won third place by inches from Georges Andrieu, of France, with Carl Christensen of Sweden, and Charles D. Hughes, of the Los Angeles A. C., close up in fifth and sixth positions, respectively.

Reds Plotting With Huns For War On France; Western Europe On The Verge Of Bolshevism

KOENIG, POLAND. BY GOURNIE
DUBLIN, IRELAND. BY GOURNIE
AUGUST 15.—(By The Associated Press)—Soviet Russia intends to seek alliance with Germany to make war on France, and if this is successful, to undertake a conquest of England and eventually America, officials of the Bolshevik regime told the Associated Press correspondents here today.

As soon as the Polish war, which is considered to be a purely Russian business, has been finished, a note will be sent to Berlin, they declared, demanding permission to transport troops across Germany for the French campaign.

Upon refusal of this request, which is taken for granted, a revolution will be instituted in Germany, the success of which, the Bolsheviks asserted, they were prepared to assure by force of arms.

With these ends in view the Russian soldiers, who have been told that all wars shall cease with ultimate victory over the Poles, are being subjected to a vigorous propaganda which declares that Frenchmen will be shot on sight, but that the Germans are friends who soon will become comrades of the Bolsheviks.

These admissions have been corroborated by information gathered by the correspondent in conversations with German representatives of East Prussian newspapers.

The Bolshevik leaders declare that within three weeks they will be in complete control of Poland, including the Polish corridor, which they intend to occupy, leaving a ten kilometer neutral zone about Danzig.

PAIS, AUGUST 15.—It is impossible longer to hide the stark fact that the Eastern Hemisphere is on the verge of general Bolshevism.

Even the most optimistic of political observers admit today the grave fear that France, in order to offset the spell, is doing her utmost to throw Europe into another general war, hoping that by so utilizing the masses to military discipline, she will prevent this revolutionary controlling the hemisphere.

With this in view Marshal Joffre is en route to Bucharest in order to establish contact between the French and Roumanian governments should the intervention of Roumania be considered as made necessary by the development of events in the Crimea.

A tremendous pressure is being brought to bear upon the White House to induce President Wilson to issue a proclamation to establish on an unimpeachable basis the intention of America to throw in her might with France in a death fight against the Reds.

French statesmen thoroughly are aware that the Red peril no longer is confined to Russia, but daily is becoming more powerful in England and progressing rapidly in France.

It is difficult to disguise the truth that England already is controlled by the Bolsheviks, which they intend to occupy, leaving a ten kilometer neutral zone about Danzig.

which is identical with the official soldiers and workers' committee, which later logically develop into the Soviets in Russia.

For the past week every more of

Premier Lloyd George in Russian matters the United States before it is too late. Such a probability was discussed yesterday at the French Foreign Office between M. Poincaré, French General Secretary, and Charles Warren Harrison of the American Embassy.

The recognition of General Wrangel by France, diplomats stated today, is being calculated to prepare the way for a break with England, since Wrangel himself is some action by which the Great Orsay really fears that it will be linked indissolubly with England in becoming another center of Bolshevism and realizes that it would be better to break the Entente, and at a single stroke of a million dollars to Poland, or would the same time cement its relationship with the United States before it is too late.

should the United States decline to be drawn into the net of European diplomacy.

In such an event Great Britain, Italy and Soviet Russia would be aligned against the United States, France and General Wrangel.

While in doubt whether the United States is willing to plunge with her into a military and diplomatic adventure of incalculable consequences, France remains on the fence concerning the her relations with England, whose help she undoubtedly will need in her dealings with conquered Germany.

HATFIELD, HOTEL KEEPER AT MATEWAN, IS ASSASSINATED

HUNTINGTON, Aug. 15.—E. Hatfield, aged 36, proprietor of the Ullas hotel, Matewan, who was shot from ambush as he was seated in front of the place of business at 9 o'clock Saturday night, died at 8 o'clock yesterday morning at the Kessler-Hatfield hospital here, where he had been brought for treatment.

The single bullet fired by the assassin went through Hatfield's chest and lodged in the liver of Dr. Edward Simpson, with whom Hatfield was conversing when the shot was fired. The condition of Dr. Simpson, who was also

brought here was reported much improved last night. He suffered a fractured jaw.

Outgrowth Of Shooting

The assassination of Hatfield is said to have been an outgrowth of the Matewan shooting on May 19, when seven Baldwin-Felts men and three miners were killed in an exchange of bullets. Hatfield was a witness at the special grand jury at which fourteen men were indicted. Shortly after the jury's last sitting Hatfield received an anonymous letter warning him to prepare for death, as "he had lost a few days to live."

Members of the state police allege the shot which took Hatfield's life was fired from the corner of a telephone booth opposite the hotel. They arrested Fred Burgart when they charged with the shooting.

Burgart was taken to Williamson where his preliminary trial will be held early this week.

Three Gunmen Held

Three confessed gun-users in the United Mine Workers effort to organize the Tug River coal field last night were confined in the Matewan county jail at Williamson where they will be held pending the investigation of the next grand jury.

Two of the men were arrested at Elkhorn Saturday night after an attack upon the power house of the Glen Alden Coal Company. The third was arrested by members of the state police at the West Virginia side of Tug River yesterday following an outburst of fire which was poured into Freeburn, the mining town of the Portsmouth Solvay Coke Company on the Kentucky side of the river.

All of the men are said to have confessed to being members of the post-bond of gunmen who have been attempting to terrorize mining communities in the Tug River field for the last four weeks.

IT PROVED A SURPRISE TO MRS. WORLEY

"I have taken many medicines and spent hundreds of dollars looking for relief, but it was only when I got Tan-Lin that my troubles disappeared. It was the emphatic statement made by Mrs. A. Worley, well known resident of apartment 1, 111 15th street, Astoria, Ky.

"I had no appetite, and my stomach was in such bad condition that gas would form, causing a terrible depression around my heart and almost shutting off my breath. I would become so exhausted that I could scarcely retain the little I did eat, and at times I had such awful headaches and dizzy spells I could hardly see.

"My kidneys bothered me a great deal, and my back pained me so I couldn't bend over without suffering agony. I was just almost a nervous wreck and couldn't stand the least little noise, and at night sleep was almost out of the question. I tried so many things without getting any better. But I had about lost faith in everything and hardly knew which way to turn for relief.

"Well, I kept seeing so much about the remarkable good Tan-Lin was doing others that I had decided to give it a trial like I had done the rest, and the medicine has certainly proved a great surprise for me. For it has taken only two bottles to overcome all my troubles. It's a real pleasure to me to eat now, for my appetite is much better. I never feel a sign of indigestion or gas. My breathing is free and easy, and I no longer have those awful dizzy spells or headaches.

"My kidneys don't bother me any more and my back is entirely free from pain. My nerves are in such good condition that I don't wake up during the night, and I'm so much better in every way I simply feel like a new person."

Tan-Lin is sold in Portsmouth by the Fisher and Strick Pharmacy and the leading druggists in every town.

2 Machines Are Stolen

HUNTINGTON, Aug. 15.—Two stolen automobiles were reported to the police last night, the first belonging to A. J. Barrah, of Logan, and the second to H. E. Moore, of Williamson. Barrah lost a Dodge touring car, black, license number 500,565, body number 500,850. The name of a suspected thief was given to the police by Moore, whose car was stolen at Ninth street and Seventh avenue.

Child Killed

HUNTINGTON, Aug. 15.—Lena Lucille Lucas, eight years old, was struck and killed yesterday afternoon at five o'clock near First street and Third avenue, by an automobile driven by Okay J. Morgan. He is a salesman, 24 years old, and lives at Dory, W. Va. Police arrested Morgan on a charge of murder, but he was later transferred to the state and charged with manslaughter. Magistrate D. W. Thompson released him on bond of \$1,000.

Lena Lucas, with her two sisters, Sylvia, 14, and Annie, 12, was standing on the southwest corner of Third avenue and First street, intending to cross the street. All of them started to the other side, but Sylvia and Annie stopped when they saw an Aperson touring car coming west on the avenue, say witnesses. Lena continued, evidently not seeing the machine, they said, and was run over by the car.

Morgan said last night that as soon as he saw he had hit the child he stopped and took her to the Kessler-Hatfield hospital. She died a few minutes afterward.

Keep Your Blood Pure If You Expect Good Health

Rich, Red Blood Is Essential to Your Well-Being

You cannot overestimate the importance of keeping the blood free of impurities. When you realize that the heart is constantly pumping this vital fluid to all parts of the body, you can easily see that any impurity in the blood will cause serious complications. Any slight disorder or impurity is a source of danger, as every vital organ of the body depends upon the blood supply to properly perform its functions.

Many painful and dangerous diseases are the direct result of a bad condition of the blood. Among the most serious are Rheumatism, with its torturing pain; Eczema, Tetter, Erysipelas and other disgusting skin diseases; general debility, which makes the strongest men helpless; and many other diseases are the direct result of impure blood.

You can in a large measure avoid liability to disease, by the use of S. S. S., the wonderful blood purifier, which has been in constant use for more than fifty years. S. S. S. cleanses the blood thoroughly. It is sold by drug stores everywhere.

Friction In Jackson Co. Republican Committee

JACKSON, O., August 15.—A meeting of the Republican County Central Committee called yesterday afternoon at the offices of Attorney E. E. Enbanks, for the purpose of organization, left the committee ranks in a divided state of disorganization.

The meeting was called by the Chairman, W. E. Patterson, formerly of Colesburg, but at present the Jackson Valley agent at Jackson. The first Saturday after the primaries is the time for the Central Committee to meet for the purpose of reorganization. After Chairman Patterson had called the meeting to order, Roy Gilliland, of Wellston, was elected chairman of the new executive committee, and Jesse Bales, of Jackson, chairman of the Central Committee.

It had been the understanding that the Jackson, Wellston and Oak Hill Central Committees were to pick their own executive committees, and the names submitted by the Jackson and Oak Hill committees were accepted. But when the Wellston list was read, it was found that two names had been substituted, evidently to benefit some one's political purposes.

After asking that they be given a square deal and that the original names be placed on the list, and following to get any recognition from the powers that be, the list of the members of the National Association to be placed on the list of the members of the National Association.

N. & W. MACHINISTS VOTE TO RETURN TO WORK AT MEETING

(BULLETIN)
At a meeting of the N. & W. Machinists' Union No. 340, held in Moose Hall Monday afternoon, it was decided that all machinists would return to work at 6:30 Tuesday morning, no other action being taken on the controversy between Roscoe Seely, Robert Sparrman and Fred Riggs.
At the close of the meeting, Frank Bickert, representative of the Machinists Union stated that the difficulty had been adjusted satisfactorily.

Affidavits charging Fred Riggs and Robert Sparrman, N. & W. switchmen, with assault and battery, were filed in Municipal court Monday morning by Roscoe Seely, an N. & W. machinist, who lives near Scitoville. They came as a sequel to trouble, which occurred Sunday morning on Norfolk street, in East Portsmouth, and resulted in about 100 machinists employed in the N. & W. shops in East Portsmouth leaving their posts at 8:30 yesterday morning.
"Later the strike spread to the back shops of the N. & W. and this morning at division headquarters it was stated that 150 machinists, all members of Machinists' Union No. 340, were out. A mass meeting of machinists has been called for 1 o'clock this afternoon in Moose Hall, Third and Washington streets, where official action will be taken on Sunday's incident. The meeting was called this morning by H. G. Cox, president of the Machinists' Union here.
At division headquarters of the N. & W. it was stated this morning that the trouble had not spread to any other departments and all other crafts were at work as usual.
Relative to the strike of the machinists, Supl. H. C. Weller of this division issued the following notice Monday:
"It seems as though one of the machinists and another employee had a controversy on the street. The machinist requested the removal of this employee, and as both men were not on duty nor on railroad property, we considered the matter a personal one between those two men and a matter for the civil authorities to handle, if the men saw fit to appeal to them."
According to a statement made to a Times man by Mr. Seely this morning, he was on his way to work when Fred Riggs hit him and knocked him down on E. Norfolk street and then kicked him in the right side. "Machinists going to work at 6:30 yesterday morning saw me lying in the street and they quit work of their own accord," Mr. Seely said today. "I was walking in front of the Clark restaurant when Robert Sparrman asked me why I did not bring Riggs to work in my machine. I told him I already had a load and thought the incident was closed. Sparrman sat on one end of a bench in front of the Clark restaurant and Riggs on the other. As I passed Riggs he jumped up, hit me back of the neck and kicked me after I fell to the street. I did not call either man a scab as reported. They used vile language to me and N. & W. men going to work heard what they said. I had been bringing Riggs to work but several mornings my machine was filled before reaching him."
Seely denied having any trouble with either Sparrman or Riggs before Sunday morning.
Riggs claims that he did not hit Seely until Seely called him a scab. He said Seely uttered the word as he passed the bench on which he was sitting and it was then that he got up and hit Seely.

MISS DOLLY WISE

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Dear Miss Wise—I have a few questions for you to answer and hope you will give me your honest opinion. First of all why are the rich so selfish and greedy and why won't they help the poor? Do you think the rich will ever get to heaven when they leave the poor the way he does? I am a poor working woman and I ask a man to lend me \$5 and he just laughs at me. Of course he didn't know that I was honest and hoped to pay it back some day. I have several children going to school and when they are able to work I can get along. I don't want my children to know how poor we are and thought I could borrow money to get them nice clothes. Please give me your advice.

DISTRACTED MOTHER.

To straighten out your trouble it is best to look at both sides of the question. Of course you realize that there are many "fakes" in the world with their fine stories, but the hearts of many people have become hardened and now they resent any cry for help. Very often a rich man helps in many ways that he prefers to discover the need himself. Good has become a power in that world that it has made almost every heart whether rich or poor. How many people in the laboring world really care for what they want? Isn't it a question of getting ahead of life with the most of them? Isn't that what you are striving for? Every man and woman alive should stop to think whether he or she is fit to enter heaven before judging others. The principle of helping to buy fine clothes is wrong. If you could pay back, you could save the amount each week with you expect to pay back. Such an arrangement would be preferable because you would not put yourself under obligations to anyone and would not.

Dear Dolly—A young man has asked me to go to a picnic with him. Am I supposed to provide the lunch?

REPLY.

Usually the girl provides the lunch. If I were you I would ask him if he would like to have you take the lunch. He probably expects you to and the situation would be embarrassing if you did not.

Dear Miss Wise—Is a plain band ring all right for an engagement ring when one cannot afford a diamond?

ENGAGED GIRL.

A plain band ring is used for a wedding ring and does not suggest an engagement. If you cannot afford a diamond why not choose your birth stone.

The Movies

We Promise You Bigger and Better Pictures—First We Gave You "The Courage of Marge O'Doone" and Now—The Eastland Theatre Takes Great Pleasure in Presenting for Tonight and Tuesday, August 16-17, Famous Play "Rio Grande" A Thrilling Romance Along the Border Line—Drama—Action—Romance—First Presentation in This City. Special Musical Setting. Added Big V Comedy.

"My lips are for you alone—my gringo." Did ever a wild love with such passion? True, in her heart flames the blood of a Mexican father and an American mother—and she was taught never to trust anyone on the other side of the Rio Grande. But Mary Lopez allowed no river of blood, no mountains, no distance to keep her from that blue-eyed American. Here was a drama of fiery romance, a life of dramatic adventures, and a deep and burning passion. Could love bridge the huts of Rio Grande? "Rio Grande" a colorful, speedy, beautiful romance by one who knows the soul of the border taken from Augustus Thomas famous play will be the second of the bigger and better attractions which the Eastland Theatre will present, offering this picture for two days only to night and Tuesday. The Rio Grande is a river of blood; a river of peace. It divides it unites. Its bridges are of love and that's how Maria Inez with her Mexican heart beats, and Danny O'Sell with his American hoof beats crossed the barrier of the Rio Grande. Verily clutch your seat when you are the wild riding double border raid. "Rio Grande" will thrill you, so by all means see it. Two full and complete shows each night, starting at 6:30 and 8:30. Doors open at 5:45 P. M. A Big V comedy will be the added feature.

"ANNE OF GREEN GABLES"
REALITY PICTURES

Tonight's Big Attraction at the Strand will be "Anne of Green Gables" Featuring Mary Miles Minter whose Grace and Beauty Have Made Her One of the Most Popular of America's Screen Stars.

Anne Shirley had lived in an orphan asylum as far back as she could remember and her life there had been identical with the lives of hundreds of other boys and girls who had the misfortune to grow up in an "Asylum" with uniforms and games and great rows of little beds instead of a pretty home with a loving father and mother to attend every want. But Anne was different from the hundreds of other boys and girls in "Asylums" because she had an imagination so vivid that a loaf of porridge could become a dish of ice cream, or a dress of calico, a robe of velvet and pearls just by her "pretending." So she managed to be happy.

"West Handed" with Kathryn Williams is an added attraction.

JACKSON NEWS

JACKSON, Ohio, August 15.—Mr. and Mrs. M. S. Kent of this city, formerly of Oak Hill, are the parents of a new baby boy, born last Monday. It is their second child.

Young People Wed

Subsequent to the announcement of their engagement a few weeks ago, Miss Amy Coleman and Mr. Frank Gettles were granted a license to wed, late yesterday afternoon. The bride is the daughter of Mr. and Mrs. A. J. Coleman of this city. Her father was for a number of years born President of the County Agricultural Society, and was two years ago a candidate for the Republican nomination for Sheriff. The bride taught the first winter in the local public schools. Mr. Gettles is the son of William Gettles and wife, now residents of Wellston. His father was for some time superintendent of the county infirmary, and was at the recent primaries nominated on the Republican ticket for County Commissioner.

The groom is a traveling salesman for the Jones-McCullough Company, and is at present in the city. The wedding people will make their future home in Wellston.

Business Men Active

Thursday evening the Business Men's Association met at the Elks' Home on Main street, for the consideration of several important matters. Fifteen new members were admitted to the association, bringing the membership over the one hundred mark. Following this the matter of the car shops were taken up. Edwin Jones, president of the association had wired Mr. Henry Ford, asking about the rumor that the local shops might move elsewhere. A reply was received as follows:

July 31, 1920. Dear Mr. Jones—Answering your telegram of July 29th. We have heard rumors that committees from Springfield and Lima intended to call on us, but these few have had no interview with them concerning the removal of the Jackson shops. We do not take possession until Sept. 1st, 1920, and until that time are not in a position to announce any further changes. Very truly yours, The Ford Motor Company, By E. G. Liebold.

One Bid on Improvement

Thursday was the last day for the bids from contractors for the improvement of Main street, by paving, with brick. W. J. Kuhner, who also had the contract for a similar improvement on Main street and Broadway some eight or nine years ago, was the only bidder. The proposed improvement covers an extent of more than six city blocks. It is thought that the work will begin in the very near future.

Rufus D. Weed of Columbus, and Pearl Vandervort of Wellston, both 25 years of age, were granted a license in probate judge's office yesterday morning. They were married by Rev. I. W. Stout at the Herald wedding parlors.

The Wilson Divorce

Everett G. Wilson has entered suit in the Common Pleas Court for divorce from his wife Annetta G. Wilson, said to be a resident of Hammond, Ind., at present time. They were married in March 1917, and six children have been born to the union. They are: Fay Wilson, 12; David Wilson, 10; Everett Wilson, 8; Mavis Wilson, 6; Vernon Wilson, 4; and Bessie Wilson, 2. Absence of more than three years is reason given for the suit.

Young Vandals

Madison and George Griffith, aged 12 and 10 years respectively, sons of Wm. Griffith, David and Addison Jones, aged 9 and 8 respectively, sons of David E. Jones, and Robert Jones, aged 11, son of John V. Jones, all boys of the Oakton neighborhood, were arrested yesterday for destruction of property.

It is charged that on the 12th day of February, the boys entered a warehouse on Main street near the old Lucas homestead and destroyed about forty dollars worth of property. In fact all the melons in the patch. The melons were all green, on the way home the boys killed a number of chickens on the Lucas farm by raising the necks of the fowls. They then roasted the chickens and ate them.

Young Auto Thiefs

Dennis and Edna Vickers and William Cunningham of Wellston broke into the garage of Bert Gorman, and stole his machine Friday night. The first named lad was later apprehended on the Berlin pike, and was placed in the county jail. The other two lads are still at large.

Mrs. Will Ballard and daughter

Lonnie of this city are visiting in Portsmouth.

Mrs. Berchell O'Day left yesterday

for her home in Springfield after an extended visit in this city, occasioned by the sickness and death of her mother, Mrs. Elizabeth O'Day.

Mrs. W. A. Ray and son of Paris

recently are guests at the home of Mr. and Mrs. George Patton, here. They were formerly residents of this city.

Representative and Mrs. Dan Olson

of Omaha, will spend the next few weeks at the summer home of Mrs. Olson at Wellston.

Mr. L. G. Olson has returned home

from his trip.

Miss Anna Marie Lott of Detroit is

visiting her home in this city.

Henry Johnson and Mrs. Eberly, both

of this city, were married here this week by Rev. Tracy.

Prisoners Tried to Escape

Earl Jackson and Walter Johnson, sentenced to Wellston from this county by a house standing charge, tried to escape from Field officer W. A. Goss of the Reformatory, where they were working on the farm in a garden, July 15. The two prisoners, who were handcuffed, were stopped in their flight when the officer, Earl Jackson, Earl Jackson's brother, tried to make the most of their journey to the pond, resulting in an ambulance. The pair

Thankful To Voters

J. B. Apple, W. A. Shively and Louis P. Kuhner, Republican nominees for a second term as county commissioners, and A. B. Harwood nominee for county surveyor are naturally very much indebted over the vote of confidence which they received at the recent primary election, and are deeply grateful therefor. They mean to further show their gratitude by giving the public the very best service possible in conducting the business affairs of Scott county.

New Location

The Jackson Heating and Plumbing Company have moved into their new location in the White Building on Pearl street. They will occupy two rooms which have been extensively repaired.

Parasite to Be Dedicated

Last January the local United Brethren Church contracted for the purchase of a residence on Main street for a parsonage site. The purchase price was five thousand dollars, and in eight months which have passed since that time, all but one thousand dollars have been paid off, without a great deal of effort. It is expected that this amount will be paid off before the dedication, which has been set for Sunday, August 22.

Mr. Laudemann In The City

Fred Laudemann, district delegate of the various N. & W. crafts with headquarters in Bluefield, is in the city on business. He visited the new Thrift Store just opened at Eighth and Murray streets, Monday.

Excursion Is Success

The N. & W. excursion to Columbus Sunday was a big success, 500 passengers being carried into the Capital City. One hundred and twenty-five tickets were sold here.

To Visit In Columbus

Jacob Kahl, who is employed by the Hulse Hardware Company, is enjoying his annual two weeks' vacation, part of which he will spend in Columbus.

SEE ALL THAT YOU OUGHT TO.

We know that you will agree that you DO see all that you should, or that anyone else does. We have heard plenty of people say that, and have found these same patients express surprise at the improvement in their vision on wearing their first glasses. We have said over and over again that good eyes at the condition of the eyes is a poor plan. We say it again. An hour spent here would put you in possession of the facts.

The Markets
NEW YORK, Aug. 16.—Fresh complications in the foreign situation and indications of further strain on local financial resources caused an irregular movement at the opening of today's stock market. Shipments, oil, motors and stocks were under severe pressure, today 1 to 4 points. Improvements were shown by several of the railroad issues, probably as a result of better credit conditions. A change on London continued very unsettled, early rates for demand bills falling slightly under last week's final quotations.
Oils, steels and equipments led the rally of the first hour, Mexican petroleum and Baldwin locomotive making full recoveries while tinplate and Republic rose substantially over last week's closing prices. Atlantic Gulf made up half its 4 point loss, and other shipments improved with greater steadiness among investment rails.
Much of this advantage was cancelled before noon, however, when lowered oil and motor shares were depressed by a series of bear attacks. (Continued on page 9, under "The Closing.")

Gabes All Stars Defeated All Italians On Sunday, 4 To 3

Locals Secured Jump On Dark Skinned Athletes By Scoring 3 In First

In one of the best games ever played at Millbrook Park, the All-Italians, of Cincinnati, went down to defeat before the All Stars, Sunday afternoon, by the score of 4 to 3, thanks to the locals secured in the opening frame when they hammered out three runs. The visitors were strong in the closing innings and the fans breathed a sigh of relief when the last man was out.

It was on the mound for the visitors and while he was hit with considerable vigor, he managed to keep the bats pretty well scattered and was not scored upon until the eighth inning when the engagement by the visitors was the engagement by the locals. The game was a struggle over a couple of runs. Ackerman, first up, was hit by a pitched ball, but was offered a moment later when he was in the path of a drive from the bat of Kuhn. A batted by Barber on Wheeler's roller, put two men on and was scored on Koresse's single to center. Another run was scored in the sixth when it began, to look as if the visitors would whip out the best of the All Stars. However, Donnell, on the breaks in plenty of down, Weitzke led off with a double and scored on Hammer's shot to right. The latter being headed off at the key-stone sack.

The All Stars got busy right off the bat. Slutz had been retired, Hock's grounder was rewarded with a base on balls. Conwell sent him to third on a tap to center, and Floyd Smith, second to right, scoring Hock, and Conwell came in on Barber's sacrifice fly to left. Weitzke's roller to third was headed around and overcame Smith with the third run of the frame. The locals won in the eighth. Weitzke was saved when Kuhn errand on his roller. Staten singled to first and after Blake had been retired, Donalds came through with one of his famous infield singles and Staten registered. Two of the All Italians missed the mark in Cincinnati and it was necessary for the visiting team to receive assistance in the matter of players. Huhnski, famous pitcher, was one who missed the ratters, although he could have done no better than Hammer, who held the locals to seven hits, and who after the first inning pitched beautifully ball, allowing but one hit until the seventh frame. The game was a brilliantly fought struggle and the crowd was delighted with it. The score:

PENNY ANTE

Health Found in Sun's Rays.
Sun-glare has its influence on health resorts in Europe. In France, medical specialists have recommended the resorts of Brittany and Normandy for a long time instead of the hot and glaring sands of the southern coasts. This is the choice especially for children and for persons over fifty whose sight is growing dim. Less attention has been given the matter in England, but preference for places on the east and west coasts instead of in the south is growing for people with weak eyes.

SAD BLOW IN CHICAGO

The Reds have dropped two in a staggering blow in Cubville. The row to the Cubs. This is not a championship city and unless the team eyes the next two it will have received a day.

Cleveland Fans Are Blue

The Cleveland fans are blue these really looks like the club has shot its day. The Specterites have just bolt and the pennant lies between the dropped five in a row and the boys Yankees and the White Sox. We shall have reasons to feel downhearted. It see.

Luque's Turn To Pitch

The Reds should turn to a victory probably will work for the Cubs and he is a tough bird to beat, being one of the best left handers in the game pitching wonderful ball. Vaughn today.

Indians Break Slump

Now that Cleveland has broken its losing streak keep an eye on the Indians. They have a wonderful team and the club that beats it out will win the pennant in the Johnson organization.

Giants Split Double Bill

The Giants lost a little ground Sunday as the best they could do with Boston was to divide a double bill. Brooklyn however beat the Reds and boosted their percentage. The Dodgers are holding on grimly and if their pitchers come through the team will be a contender right down to the wire.

Rain Halts Tie Game

The Miracle Men and Jackson played a tie game in that city Sunday. The score being 1 to 1 when a hard shower prevented further play. The game was witnessed by a large crowd. Mowery and Hubert formed the Portsmouth battery. Manager Johnny Grimm says the tie will be played off in a week or two.

Cleveland And Sox Win

The White Sox and Cleveland gained on the Yankees Sunday as they won from Detroit 10 to 3. Oh, it is a merry won while Ruth & Company lost to old race.

U. S. ENTRANTS QUALIFY

ANTWERP, Aug. 16.—All four Scholz, University of Missouri; Loren American entrants in the 100 meter hurdle race, New York A. C.; Charles Olympic running event qualified for W. Padlock, Los Angeles A. C., and the dual in the running of the semi M. M. Kikney, Olympic Club, San final this morning. They are J. V. Francisco.

Brooklyn In First Place

Brooklyn is again in first place in the National league. They went back on the top ring of the holder yesterday when they beat the Phils and the Reds lost and the Giants won and lost.

Waverly Beats McDermott

Waverly defeated McDermott in an abbreviated diamond battle staged at the Pike county capital Sunday, rain interfering with the proceedings, and stepped the contest at the end of the fifth inning, giving the verdict to the home team 4 to 2.
The Waverly warriors hopped onto the offerings of Tricker Ballance at the outset, sending four large and ornate tallies over the pen in the first inning, but thereafter did not get a runner to first base. The McDermott, working crew kept pecking away at the delivery of Schanell. Waverly, Zinger, and scored a run in each of the fourth and fifth frames and the McDermott crowd is confident that the rain cheated them out of a victory.
The batteries were Ballance and Hazibator and Schanell and Ricker.
The Lord Needed No Help.
The cock in a southern family, a "mammy" of the type now passing, was assisted by two surgeons whose services had been enlisted by her employer that her condition was such that an immediate operation was necessary. Mammy listened respectfully but declined their service in the following terms: "Is jest as much obliged to you gentlemen as I kin be, but ef de deah land has come made up his mind to call me home, I reckon he kin transiate me without no assistance."

YOYLE IS BIG HELP TO GIANTS IN STRUGGLE FOR FIRST PLACE

Larry Doyle.

Larry Doyle, derided and abused by thoughtless New York fans some weeks ago when he was going badly and the Giants were losing regularly, has come into his own again and now is drawing the plaudits of the multitude. Larry has been with the team, except for a season and a half, since 1907.

Great Season For Dilly

Catcher Dillymore, formerly of this average is .270. Dilly is throwing to city, is playing great ball for the St. Louis like a shot and is full of pepper Louis Cardinals. His latest batting and nerve.

Reds Lose Close Game

CHICAGO, August 16.—Tyler held Cincinnati to four hits, two of which were scratches, while Chicago made it two straight from the world's champions, by shutting them out 1 to 0. Robertson scored the only run of the game when he singled, took second on Snyder's sacrifice, third on a passed ball and scored on Parker's hit. Score: Reds, Chicago 0; Cincinnati 1.

HEADS ARMENIAN MISSION TO U. S.

Gen. J. Bagratuni, a graduate of the Military Academy of Petrograd and a veteran of many responsible military positions during the great war, is chief of the Armenian military mission now visiting in this country. He was chief of staff of the army of Turkey and at one time chief of staff of the Petrograd division for the provisional government after the overthrow of the Romanoffs. His war experiences include a two months' prison term imposed by the Bolsheviks.

"AIN'T IT THE TRUTH"

GOVERNMENT inspectors, who were here the past two weeks, examining into the merits of a request for more clerks and carriers and several other postoffice service improvements, were more than emphatic in denouncing conditions that hamper local officials in giving good service.

Of course, they were too discreet to lay much stress on the utter inadequacy of the building to properly handle the enormous increase of business, since enlargement was made four years ago, but they filled up the measure by reproaching the absence of street names, the great number of houses without numbers and mail receptacles and poor sidewalks.

They gave positive directions that the regulations were in every instance to be strictly observed and neither in the city, nor in New Boston, nor in Sciotoville, should service be extended there, was there to be any mail delivery unless the names of streets are shown at the corners, houses numbered and receptacles provided.

People generally do not appreciate how the absence of these requirements, so common, hamper delivery. Well, take the present situation to make the matter clear: For the past six months, owing to sick leaves, vacations and resignations, which are always occurring, on an average about half of the carrierships have been filled by substitutes, or temporary appointees. These had at best only a limited knowledge of the streets, they only knew where a few of the people lived, perhaps, none at all in the district assigned them, and nothing else than loss of time could be expected under such circumstances.

Really the conditions are creditable to neither the city nor its inhabitants. The names of streets ought certainly be posted at every corner, they would not in the least accentuate the disreputable telephone, telegraph and electric poles that deface the streets, and the cost of a house number and a mail box are not heavy. The street names would surely, besides being a great convenience, doubtless give a favorable impress to strangers, considering with what frequency one is halted by the queries: "What street is this? Where is Gallia street?"

Portsmouth is struggling with a good many big problems to promote her growth and improvement, but there are any number of little things she might do to her betterment, not unimportant among which are the removal of the conditions referred to herein.

Wonders never cease. A property owner told us today that he had got notice to close up an unused vault on his premises and he was going to do so. No, the notice wasn't the wonder. They are as numerous as the sands of the sea; but the fact that the property owner was going to heed it was simply marvelous. Which just reminds us that today we walked over a sidewalk that had been ordered relaid ten years ago and it had pools of water four inches deep on it in spots. That is the water was there this morning.

"Foreign Ships Carry Bulk of American Cargoes," reads a newspaper headline. Nothing exactly new about that. Time was, and that immediately before the election of Wilson, that foreign ships carried practically all of America's ocean freight, because this country scarce had any vessels traveling to distant shores. Last year American ships transported considerably over one-third, a remarkable gain.

Huntington claims she will be able to show 50,000 on a recount. Best for her to get into high gear. When Portsmouth completes the annexation of Sciotoville and New Boston she will have over 40,000 and when she spreads out as long as Huntington and takes in Wheelersburg and Nauvoo she will have sixty, and that is no fairy tale, nor long story either.

Recalling the fact that on Tuesday last the voters declared in favor of a three mill special school levy with vim and vigor, it may be stated that the Peerless has been doing the handsome thing by her schools for several years past, and there is no town anywhere that has handsomer and better school buildings.

Here it is again: New Hampshire shows almost a standstill in population. Nothing in that to indicate the star of the empire is backing eastward.

That homely old precept: Don't count your chickens until the eggs are hatched, was accentuated in the primary election of Tuesday.

France reiterates how much she loves us. That's all right, just so she doesn't follow it up with a request for another loan.

New York - Day - By - Day

BY G. C. MENTZER

NEW YORK, Aug. 16.—A page from the diary of a modern Samuel Pepys: Yesterday, a hot night's rest, being mightily bit with mosquitoes. Troubled at my great sluggishness and so, leaving my accounts while waiting for breakfast. J. Knott, the humorist, called, being here from St. Louis and discharging a trick which appears to give a man ability to stretch his limbs several inches.

Walked with my wife through the city, putting in at several shops and to the picture framer to have three prints of my dog framed and I bought three books, costing 20 shillings, and recalled I had read them but the clerk would not exchange them albeit they had not been opened or cut. My mind seems to grow weaker with age.

On the avenue I turned to gaze at a small, very pretty, with her hair cut short and my leg felt in a hole but I was caught up by a workman who shouted at me until my face grew red. To Earl Carroll's cottage on the roof of a tall building to watch a play rehearsal and Tom Wise, the playactor, there and Misses Martelle served tea, all very merry.

Belongs came unexpectedly from Maine on the way to Wisconsin to see his mother and being great news of it. Webster and Mr. Underhill who are living on fishing islands there at a place called Moulthrop and all content they may quit the city and live there all the while, yet I doubt it.

In the evening Misses Betty and came and a fine talk and late by good-bye hazy dawn in a party, a double affair. The human sisters singing negro songs and a lovely folk song opera and all in high jinks until late. And so to bed with out prayers.

Broadway has been watching an elderly dignified negro with snow white hair who parades up and down wearing a monocle, a white shirt and Panama hat and carrying a gold

headed cane. They expected any day to see him spring whatever it was he was advertising. But it develops that the negro was attending the "Back to Africa" conference in New York. He is a very wealthy land owner in Liberia and his talk is O, so very English, you know! In the Fifth street black belt he rented an entire house during his stay and had a French chef, borrowed from a big hotel, to whom he paid a salary of \$300 a week.

There is a beautiful young motion picture actress who was a professional dancer in the gay resorts in the days of the castle popularity. She lived a fast and furious life and then got her chance in the movies and gained great popularity. She married a man who had social aspirations. The girl came from obscure parentage and her advantages were limited. She wanted to be worthy of her husband's friends and so she studied—read the last books, went in for elocution, French and aped those about her who lived in the upper circles. Two months ago her husband left her—and now he is trailing around with a girl of the dawns whose course manners are the best of her friends. One never knows what to do in this mad whirling world.

Two very close pals, John McGraw of the Giants, and Louis Mann, the actor. And yet they quarrel continually when they are together. I saw them dining together on a roof garden the other night. They had quarreled their soup was cold—and they puffed at cigars furiously and looked out to innocuous devils. Yet Mann will fight if anyone pains McGraw and McGraw is the loudest applauder at Mann's opening nights. Mann and his flaring bow collars are just as much of a fixture at the Polo Grounds when the Giants are in town as the pop readers. It is a strange companionship that has endured through the years.

The Diary of an Engaged Girl

LINDSEY MAKES SOME NEW FRIENDS

Third day out at sea now, and enjoying every minute of the time. A little woman named Lindsey, who I think of all the romances that mother brought along in the hand-bags, and that sort of thing, I speak to myself. Why, the sea has been like a full-poult to the present time, and I never felt better in all my life, which is saying much for I am by way of being a healthy young animal. Have had a lot of fun watching my traveling companions, and gossiping with Arline Lysons. She has an incomparable sense of humor, that girl, even about her future husband, and the new life that lies before her. Dear me, she's going into this thing with both eyes open. Not a bit like myself, for I still hold desperately to romance, poor little old me! I nearly die laughing every time that Arline comes up on deck with her "Hullo in an hour" look, "so steady." She's so funny, for she suddenly explains each time that she must brush up a bit on the new language, and at last be able to greet her future's relations with a lovely-sounding Italian. Then she begins to talk with me, and that's the end of the lesson. She's learned about two words, since we started!

And then she's a born optimist, and is sure that everything will be all right anyhow, and Vincenzo is so "exotic" as he puts it, to see her that they will only need a kiss and smile. All very good, for such is the language of the heart, and the one most necessary to two lovers, after all!

Most of the time we sit about and discuss men, politics, the theater, and our own selves. And you may imagine that it takes all of our time to do any of these subjects adequately. She has been married and married to death by the presence of a party of Germans at her table. According to Arline, they are "spies," and mindless about "spies."

ing their new most unpopular language at all times. This is a bit rough on the others near by, who have prejudices against same, and there are many, for there are both Belgians and French people on board going back to visit their native lands for the first time since the war, and most of them have lost some dear ones. Naturally, it is offensive to them to have to listen to the German language. But the Tongans do not even seem to realize this, and they talk and talk. And as for their table manners: Worlds fall here. I try to point out that it was really silly for us to expect that the war could have cured these. It would take an earthquake at least.

She pointed out some of them to me on deck this afternoon, and I had to laugh, the women were so "drowsy" and all wrong, and yet so satisfied with themselves. A French woman who sat in a chair next us spent her time in glaring at all of them collectively, and then she spoke to us and asked us if we knew that they were speaking German. We said yes, and finally suggested that she turn her back to them and spare herself the agony of having to see them at all. She did, but muttered her opinion of the whole race to us vehemently.

There are also several Catholic priests on board, Irish and Belgian. They are very gay, and two of the Irish ones are Sinn Féiners, and are not ones at that. We drew them into conversation this morning and enjoyed hearing them tell of their beloved country and their hopes for its eventual freedom.

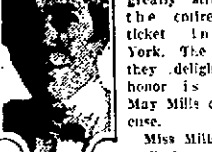

Must mention that I eat like a horse, and never seem to get enough; it's the same, I know. Always effects me that way. Arline maintains with great firmness that Father Kelly, the younger of the two Sinn Féiners, should never have been a priest, but should have married

WHO'S WHO

In The Days News

MARRIET MAY MILLS

New York Democrats are congratulating themselves on their political sagacity in nominating a woman for secretary of state. The office is second in importance only to that of the governorship and the men who nominated her believed they were taking a step that would greatly strengthen the entire state ticket. In New York, the woman they delighted to honor is Harriet May Mills of Syracuse.

HARRIET MAY MILLS

Miss Mills is described as a "dapperly feminine person." She never is disagreeably aggressive, those who have political relations with her say, nor does she try to foist her own opinions upon the preconceived notions of those who differ with her.

She is in the middle forties, and has dark blue eyes and iron gray hair. Her mother is still living and is sixty-four years old. She, too, was for years one of the important figures in the women's cause.

Miss Mills for a number of years has been a leading figure and an exceedingly active one in social, religious and political circles in Syracuse. She has always been opposed to the saloon and describes herself as "a constitutional dry," now that the eighteenth amendment is the law of the land.

"There are plenty of things to engage our attention," said Miss Mills, discussing the state fight recently. "Prohibition should be accepted as a settled fact; and the minds of the people should be turned to other problems. There are many things to take up—schools, charitable institutions and their management, housing, prison reform, the prevention of cruelty to children, the prevention of overworking the women and children in the factories—these are but some of them. I am interested in every one of these matters, and have been for years."

Favored Sunday Sports.

The vicar of St. Andrews, Whitlatch, is by no means the first country clergyman to favor Sunday cricket. In his pamphlet of 1830 on the Sunday question, Dickens told of a Sunday he had spent a few days before in a village 70 miles west of London. He was delighted in the evening to find the whole village at cricket. When he saw the old clergyman approaching, "I trembled for an angry interruption to the sport and was almost on the point of crying out to warn the cricketers. What was my agreeable surprise to see the old gentleman standing at the stile, with his hands in his pockets, surveying the whole scene with evident satisfaction. It was the clergyman who had established the whole thing; it was his field they played in, and it was he who had purchased the stumps, balls, bat and all."—London Chronicle.

and had a large family, or else been a second Robert Emmet. He is very handsome, with an idealistic head and beautiful brow. His eyes are a deep blue, and his mouth—well, we both agreed at the same time that it was most kissable. Shocking to think such things about a priest, eh? They sit and sing Irish songs up on deck at night, and are very popular. I can understand confessing to either of them—perfectly! I do love this trip very much indeed.

(To be continued.)

Hot Enough
 Oh, yes, the summer time
 With long, long, long days,
 In manner much the same
 As in the former days.
 The mercury is up
 And we are almost down;
 This high-grade heat
 Is hard to bear—
 Oh, yes, it's hot in town.

Oh, yes, the summer's here,
 And thrills are the days.
 The summer's sun is near
 With superheated rays.
 It melts the collar high,
 It melts the polished cuff,
 And we would deem

Billy was getting pretty tired of running after the carriage. It was not until after midnight that the carriage rolled into the city of Bern. Billy had never seen so large a city before and the rumbling of many wagons and carriages, the tooting of many auto horns and the passing of the many people on the streets and the hundreds of lights confused and surprised him. He was not half so surprised at this, however, as Mr. and Mrs. Brown and Frank were to find Billy behind their carriage when they stopped in front of a large, handsome hotel. Frank was the first one to discover him.

"Oh, see, papa!" he cried. "My Billy followed us all the way from the village; so now I do get to keep him, don't I?"

Mr. Brown smiled and gave up. "I'm afraid he's an expensive guest, Frank," was all he said, and then he gave Billy in charge of one of the porters who had crowded around the carriage.

"Wash the paint from this post and lock him up some place for the night where he can't do any damage," he bellowed.

Many Changes for Grasshopper Falls
 Valley Falls was originally named Grasshopper Falls. The legislature of 1853 changed it to Sciotoville Falls. It was changed back to Grasshopper Falls the next year because Sol Miller dubbed it "Social Falls" and it was Grasshopper Falls until 1873, when the name was changed to Valley Falls, and everybody lived happily ever after.—Carmel (Kan.) In the meantime Billy had galloped up the street and turned first one corner and then another, until he came to a street much wider and brighter than the one he had just left. He was then another and then another had followed him, until now there was a big crowd of them running after him and shouting at the top of their lungs.

A large dog that a lady was leading along the sidewalk by a strap broke away from his mistress as well as he saw Billy and ran out to face him. Billy lowered his head and shook it at the dog. The dog began to bark round him closer and closer, barking loudly all the while.

How Billy fought the dog told to tomorrow's paper.

Gabes All Stars Defeated All Italians On Sunday, 4 To 3

Locals Secured Jump On Dark Skinned Athletes By Scoring 3 In First

In one of the best games ever played at Millbrook Park, the All-Italians, of Cincinnati, went down to defeat before the All Stars, Sunday afternoon, by the score of 4 to 3, thanks to the lead the locals secured in the opening frame when they hammered out three large tallies. The visitors were coming strong in the closing innings and the fans breathed a sigh of relief when the last man was out.

Donalds was on the mound for the visitors and while he was hit with considerable vigor, he managed to keep the swats pretty well watered, and was not scored upon until the eighth inning when the visitors added considerable aid to the engagement by driving over a couple of runs. Ackerman, first up, was hit by a pitched ball, but was retired a moment later when he got in the path of a drive from the bat of Kuhn. A double by Barber on Welser's roller, put two men on and both scored on Koreser's single to middle. Another run was scored in the ninth when it began to look as though the visitors would wipe out the lead of the All Stars. However, Donalds put on the breaks in plenty of time. Welser let off with a double and scored on Hammer's shot to right, the latter being headed off at the key-stone sack.

The All Stars got busy right off the reel. Smith had been retired, Hoe's patience was rewarded with a base on balls. Conwell sent his to third on a safe rap to center, and Floyd Smith doubled to right, scoring Hoe. Smith and Conwell came in on Barber's sacrifice fly to left. Welser's roller to third was headed around and overcame Smith with the third run of the frame. The locals won out in the eighth. Welser was saved when Kuhn erred on his roller. Sisten singled to first and after Blake had been retired, Donalds came through with one of his famous wild-fire singles and Sisten registered. Two of the All Italians missed the train in Cincinnati and it was necessary for the visiting team to receive assistance in the matter of players. Bohski, famous pitcher, was one who missed the rattlers, although he could have done no better than Hammer, who held the locals to seven hits, and who after the first inning pitched a beautiful ball, allowing but one hit until the seventh frame. The game was a brilliantly fought struggle and the crowd was delighted with it. The score:

Health Found in Sun's Rays

Sun-glare has its influence on health. Specialists have recommended the rays of the sun for a long time. Instead of the hot and glaring sands of the southern coasts, this is the choice especially for children and for persons over fifty whose sight is growing dim. Less attention has been given the matter in England, but preference for places on the east and west coasts instead of in the south is growing for people with weak eyes.

Billy was glad enough to have the dry green paint scrubbed off his back and he willingly went with the porter to a clean little basement room where he got a good scrubbing. Then the porter went into another room and brought him out some nice carrots with green tops still on them, and leaving a basin of water for him to drink, went out and closed the door carefully after him. HATFIELD, HOTEL KEEPER AT MATEWAN, IS ASSASSINATED

HUNTINGTON, Aug. 16.—A. E. Hatfield, aged 36, proprietor of the Uras hotel, Matewan, who was shot from ambush as he was seated in front of his place of business at 9 o'clock Saturday night, died at 8 o'clock yesterday morning at the Keeler-Hatfield hospital here, where he had been brought for treatment.

The single bullet fired by the assassin went through Hatfield's chest and lodged in the liver of the special grand jury at which fourteen men were indicted. Shortly after the jury's investigation Hatfield received an anonymous letter warning him to prepare for death, as "the hat but a few days to live."

Members of the state police allege the shot which took Hatfield's life was fired from the corner of a building opposite the hotel. They arrested Fred Buford whom they charged with the shooting.

Buford was taken to Williamson where his preliminary trial will be held early this week.

Three Gunmen Held
Three confessed gunners in the United Mine Workers effort to organize the Matewan coal field last night were confined in the Matewan county jail at Williamson where they will be held pending the investigation of the next grand jury.

Two of the men were arrested at Glen Allen Saturday night after an attack upon the power house of the Glen Allen Coal Company. The third was arrested by members of the state police on the West Virginia side of the river yesterday following an outbreak of fire which was poured into the burning mine from the Portsmouth Salway Lake Company on the Kentucky side of the river.

Confession Made
All of the men are said to have confessed to being members of the outlawed band of gunmen who have been attempting to terrorize mining communities in the Tug river field for the last four weeks.

Child Killed By Auto

HUNTINGTON, Aug. 16.—Lena Lucille Lucas, eight years old, was struck and killed yesterday afternoon at five o'clock near First street and Third avenue, by an automobile driven by Okay J. Morgan. He is a salesman, 24 years old, and lives at Davy, W. Va. Police arrested Morgan on a charge of murder, but he was later transferred to the state and charged with manslaughter. Magistrate D. W. Frampton released him on bond of \$1,000.

Lena Lucas, with her two sisters, Sylvia, 14, and Annie, 12, was standing on the southwest corner of Third avenue and First street, intending to cross the street. All of them started to the other side, but Sylvia and Annie stopped when they saw an automobile touring car coming west on the avenue, say witnesses. Lena continued, evidently not seeing the machine, they said, and was run over by the car.

Morgan said last night that as soon as he saw he had hit the child he stopped and took her to the Keeler-Hatfield hospital. She died a few minutes afterward.

FIGHT IS FOLLOWED BY A STRIKE AT N. & W. TERMINALS

At 11 o'clock Sunday morning, when the N. & W. terminals were closed, a fight broke out between the strikers and the police. The strikers were armed with clubs and stones, and the police with batons. The fight lasted for about ten minutes, and resulted in several injuries to both sides. The strikers then went back to work, but the terminals remained closed.

Friction In Jackson Co. Republican Committee

JACKSON, O., August 16.—A meeting of the Republican County Central Committee called yesterday afternoon, at the offices of Attorney E. E. Knab, for the purpose of organizing the county for the purpose of re-organization. The meeting was called by the Chairman, W. E. Patterson, formerly of Jackson, but at present the Jackson agent at Jackson. The first Saturday after the primaries is the time for the Central Committee to meet for the purpose of re-organization. After Chairman Patterson had called the meeting to order, Roy Williams, of Jackson, was elected chairman of the new executive committee, and Jesse Bates, of Jackson, chairman of the Central Committee.

It had been the understanding that the Jackson, Wellston and Oak Hill Central Committees were to pick their own executive committees, and the

names submitted by the Jackson and Oak Hill committees were accepted. But when the Wellston list was read, it was found that two names had been substituted, evidently to benefit some of the political forces.

After a fight that they given names to be placed on the list, and failing to get any recognition from the powers that be, the list of the seven members of the Wellston delegation for the Central Committee to meet for the purpose of re-organization. Pay-Up Week Check Is On Its Way Again

The Pay-Up-Week check was started on its rounds again Monday. It was handled by 49 local firms the past week and it is believed it will reach as many firms this week. If you receive it, attach your signature and keep it moving. It has already duplicated 40 bills and has proved conclusively just how far one dollar will go. The clever idea was conceived by the Chamber of Commerce to prove the effectiveness of Pay-Up-Week.

Many merchants report that all bills are being paid as well as new ones and Pay-Up-Week is sure to be an unqualified success.
